

Supplementary information

TAVI-PREP: A Deep Learning-Based Tool for Automated Measurements Extraction in TAVI Planning

Figure S1. Bland-Altman plot for aortic annulus

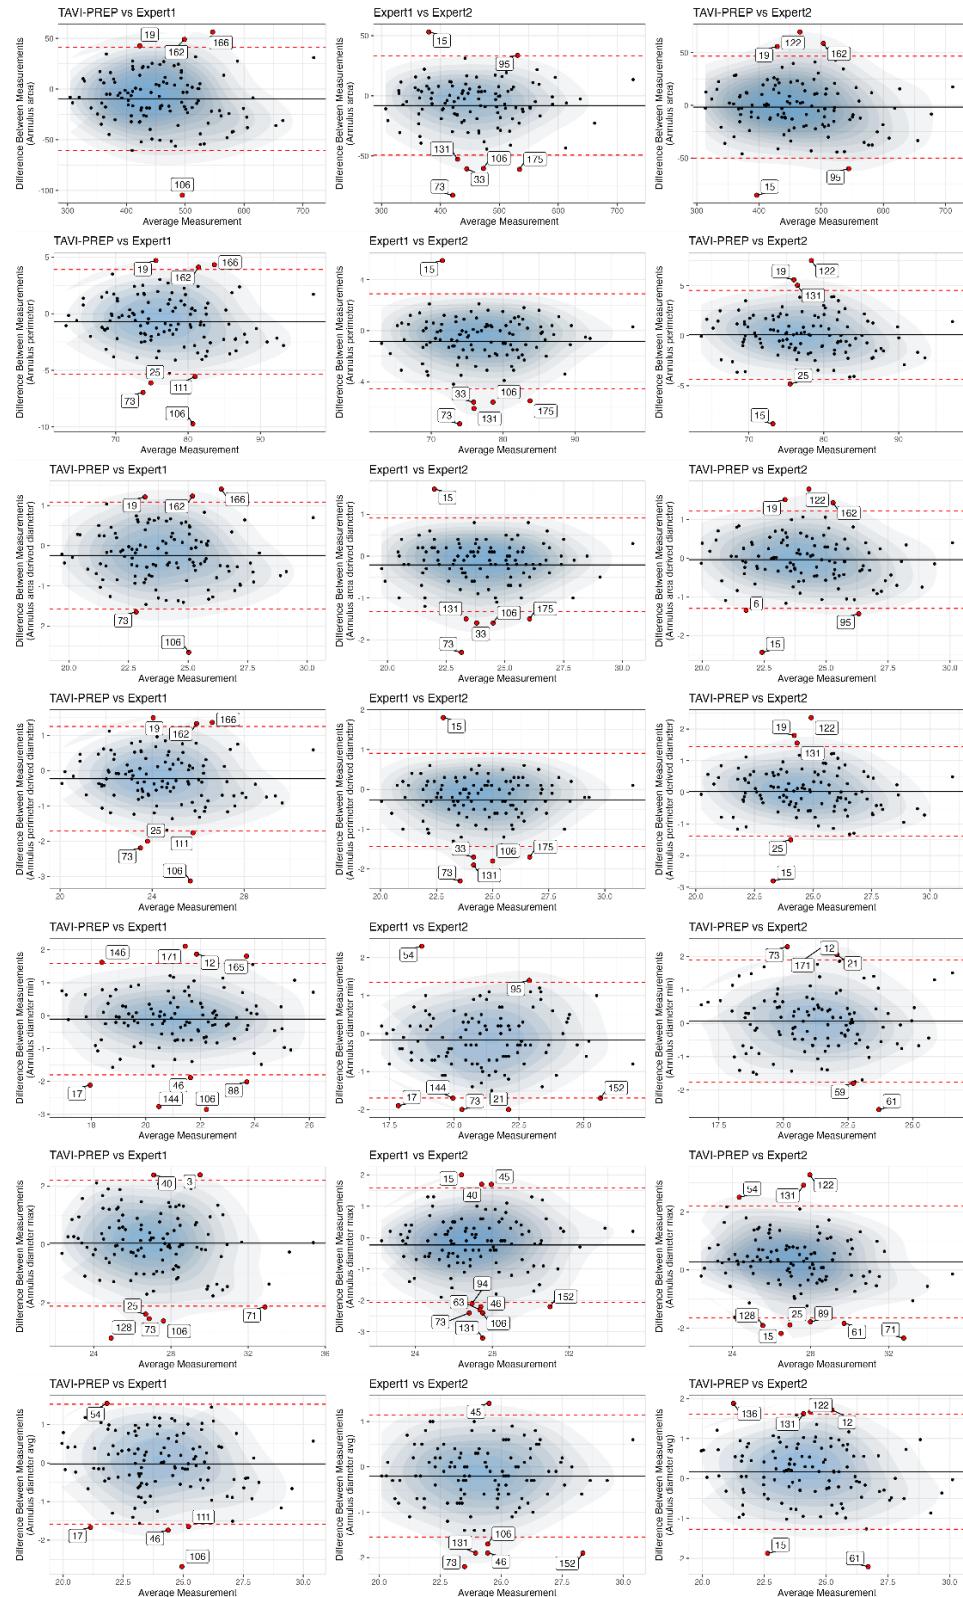

Figure S2. Bland-Altman plot for LVOT

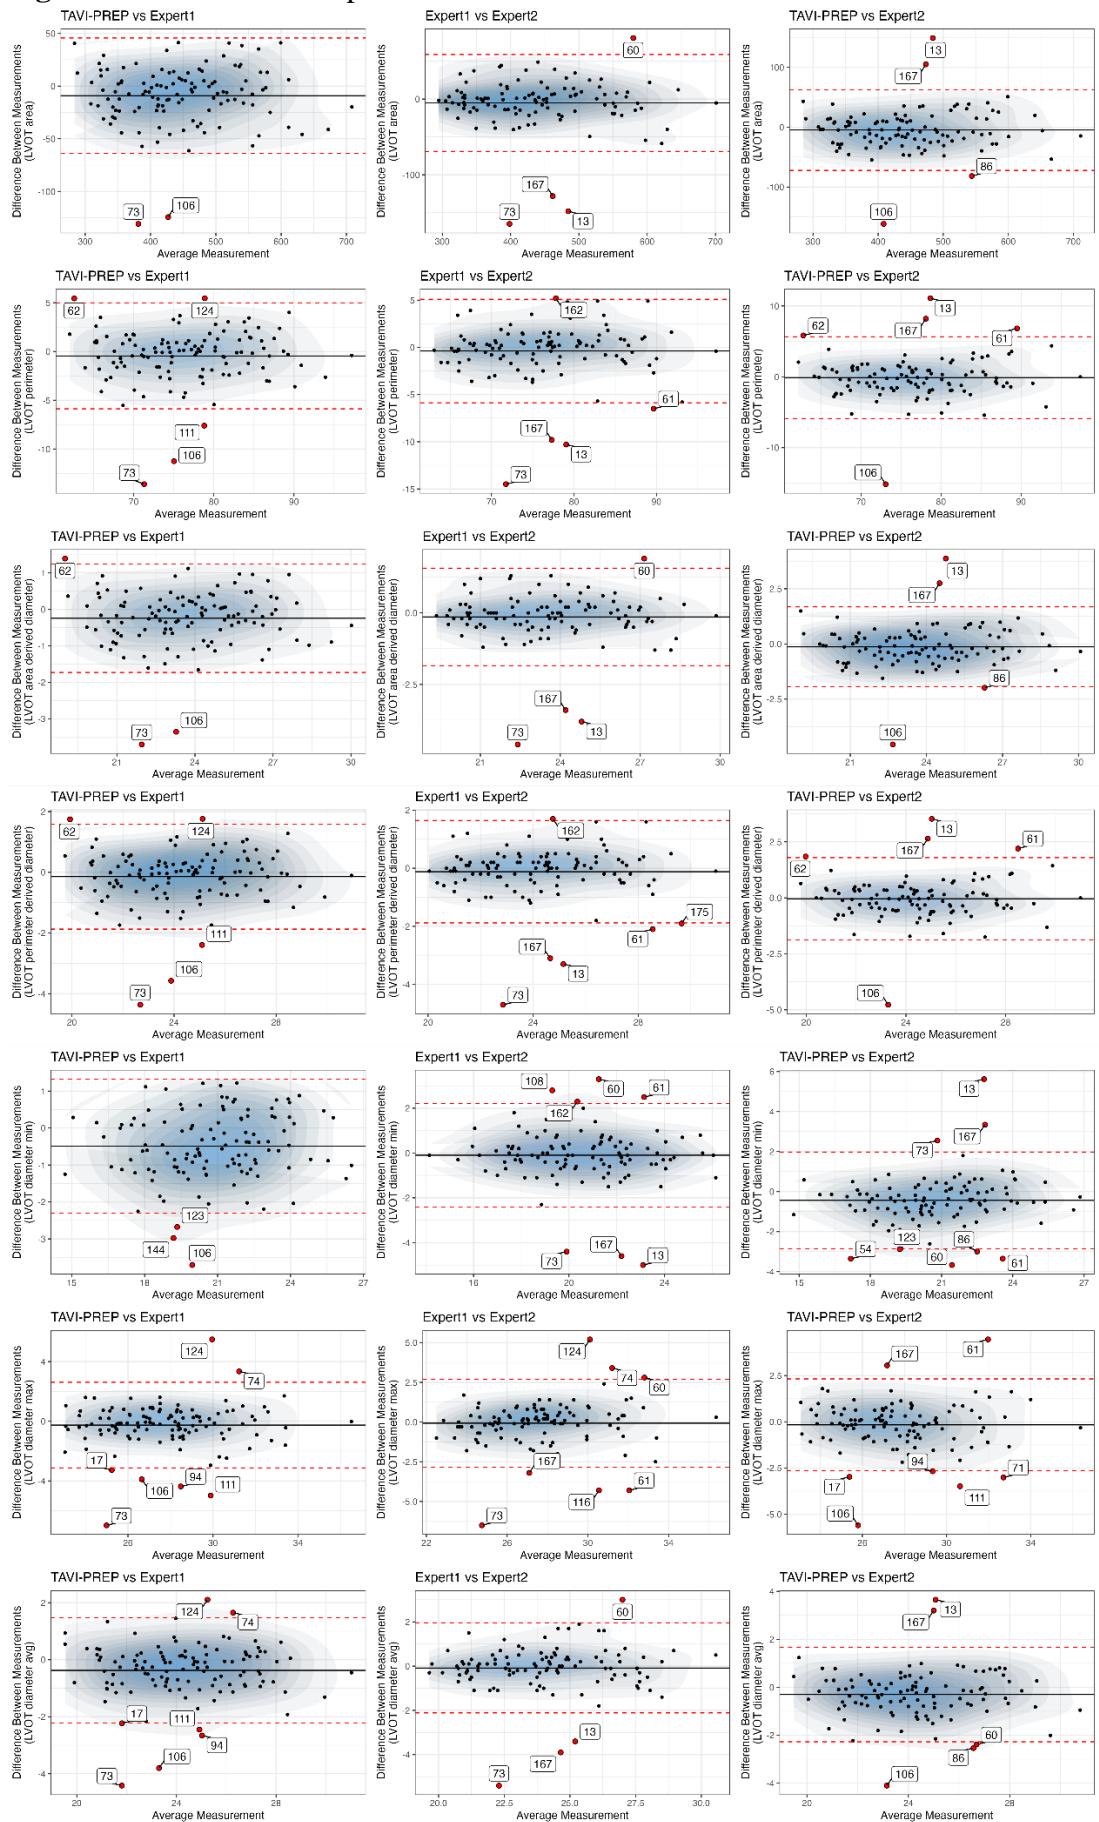

Figure S3. Bland-Altman plot for SNTJ

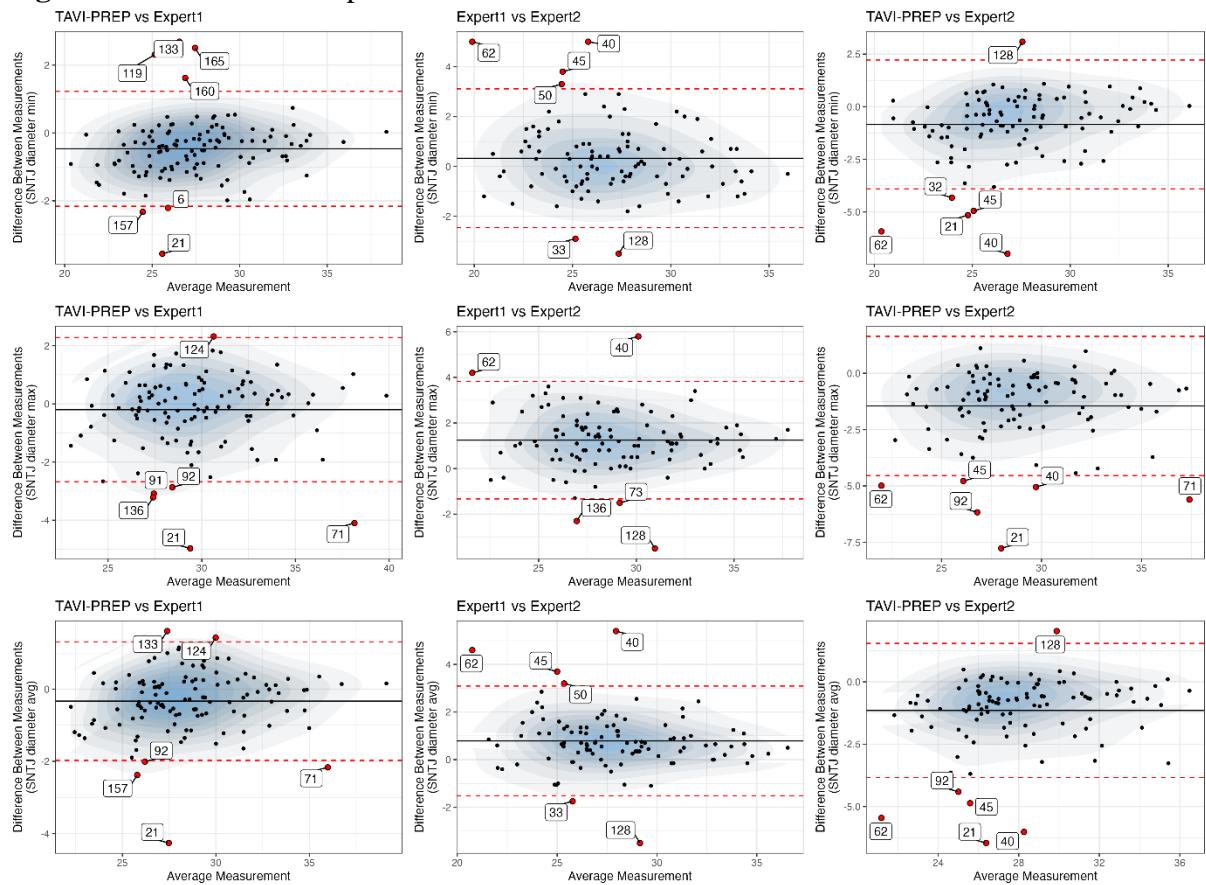

Figure S4. Bland-Altman plot for Sinus (RCC, LCC and NCC) and coronary heights (RCH, LCH)

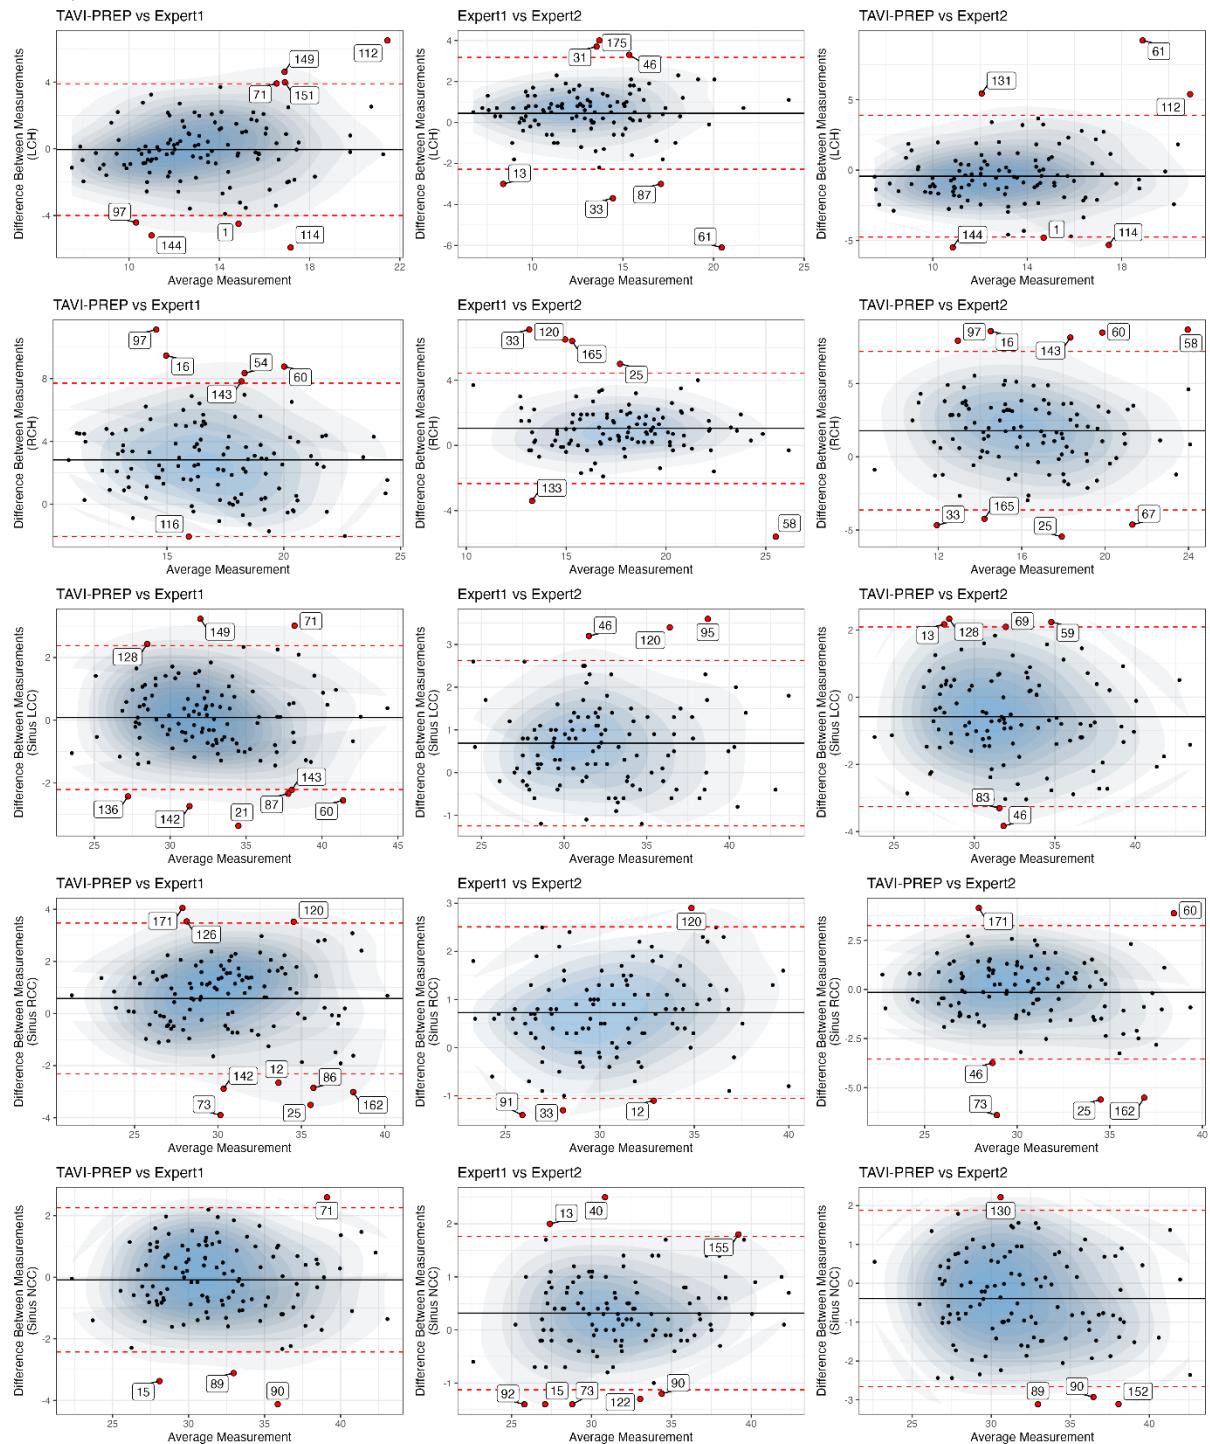

Table S1. TAVI-PREP vs Expert 1 correlation coefficients, absolute error and absolute relative error with their respective 95% confidence intervals

		Correlati on	Correlati on 95% lower	Correlati on 95% upper	Absolu te error	Absolute error 95% lower	Absolute error 95% higher	Absolute relative error	Absolute relative error 95% lower	Absolute relative error 95% higher	Absolute min error	Absolute max error
