## A: BLCA

B: COAD

C: UCS

Figure S1: Kaplen-Meier plots corresponding to the data from Table S1. These plots were obtained based on Table S1 of Liu et al. (Liu et al., 2018). This Table has two columns, "OS" and "OS.time," that were used in GraphPad Prism software for survival curve analysis for BLCA (A), COAD (B), and UCS (C), indicating death/event as 1 and censored data as 0.
