Deadline for manuscript
submissions:
31 August 2024

Message from the Guest Editor

Dear Colleagues,

Prenatal medicine is a rapidly expanding field, with new diagnostic possibilities due to developments in genetic and molecular diagnosis. These new prospects also pose novel challenges regarding the interpretation of results and ethical considerations. This Special Issue on 'Diagnosis and Management in Prenatal Medicine—3rd Edition' aims to publish papers expounding new insights into the area of fetal and maternal medicine.

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPlus / SciFinder, and other databases.
Journal Rank: JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)
