Emilia, 42122 Reggio Emilia, Italy

Deadline for manuscript
submissions:

31 October 2024

Message from the Guest Editor

Dear Colleagues,

Arthritis, a prevalent condition affecting joints, necessitates early diagnosis and imaging for effective management. Early detection through clinical assessments and imaging techniques like X-rays, MRI, and ultrasound offers crucial insights into the disease's progression. Imaging aids in diagnosing arthritic subtypes, assessing joint damage, and monitoring treatment response. Timely intervention based on accurate diagnosis can mitigate pain, prevent further joint deterioration, and improve the quality of life.

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)
