Message from the Guest Editors

This Special Issue, by publishing the work and research of teams of researchers from all over the world, aims to present as many charging solutions for electric vehicles as possible, in addition to concepts and technologies that will be used both now and in the future.

- charging systems for electric vehicles
- energy storage technologies for electric vehicles
- battery management systems
- power converter technologies
- energy conversion systems
- electric charging systems
- charging stations for electric vehicles
- charging infrastructure
- V2G concept

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), CAPus / SciFinder, Inspec, and other databases.

Journal Rank: JCR - Q2 (*Physics, Applied*) / CiteScore - Q2 (*Control and Systems Engineering*)
