Cognitive Robotics & Control

Guest Editor:

Dr. Cecilio Angulo

IDEAI-UPC Research Centre on Intelligent Data Science and Artificial Intelligence, Universitat Politècnica de Caytalunya, 08034 Barcelona, Spain

Deadline for manuscript submissions:
closed (30 September 2019)

Message from the Guest Editor

The main aim of this Special Issue is to seek high-quality submissions that highlight emerging applications and address recent breakthroughs in the domain of cognitive robotics and control and related areas. Procedures, algorithms, architectures and implementations for reasoning, problem solving or decision making in the domain of robotics and control are elements under consideration. The topics of interest include, but are not limited to:

- Cognitive social/service robots
- Cognitive environments
- Cognition in human-computer interaction
- Knowledge and representation in cognitive architectures
- Autonomy in robotics and control
- Sensorimotor contingencies
- Action and perception cognitive coupling

Welcome to contribute!

Special Issue

Editor-in-Chief

Prof. Dr. Flavio Canavero
Department of Electronics and
Telecommunications,
Politecnico di Torino, 10129
Torino, Italy

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, and other databases.
Journal Rank: JCR - Q2 (*Physics, Applied*) / CiteScore - Q2 (*Control and Systems Engineering*)
