Deadline for manuscript
submissions:

31 October 2024

Message from the Guest Editors

Dear Colleagues,

Over the past few decades, optical fiber sensors (OFSs) have evolved into indispensable tools across a myriad of industries. In recognition of the continuous advancements in optical fiber sensing methodologies, we cordially extend an invitation for your contribution to our upcoming Special Issue entitled "*Recent Advances in Optical Fiber Sensing and Applications*". We welcome original research and review articles concerning recent developments and applications of fiber optic sensors, including, but not limited to, the following:

- Optical fiber interferometers;
- Optical fiber spectroscopy;
- Fiber Bragg gratings;
- Distributed fiber optic sensing;
- Fiber optic imaging system;
- Specialty optical fibers sensors;
- Biomedical and healthcare-oriented optical fiber sensors;
- Integration of machine learning in optical fiber sensor technology;
- Advanced materials for optical fiber sensing;
- Novel signal processing methodologies in optical fiber sensing;
- Diverse industrial applications of fiber optic sensing spanning civil structures, aerospace, oil and gas, environmental monitoring, security, military and defense, and steel industry.

an Open Access Journal by MDPI

Torino, Italy

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, and other databases.

Journal Rank: JCR - Q2 (*Physics, Applied*) / CiteScore - Q2 (*Control and Systems Engineering*)
