Germany

Deadline for manuscript  
submissions:

**closed (15 June 2020)**

### Message from the Guest Editor

Dear Colleagues,

We invite you to submit your latest research in the area of discrete optimization to this Special Issue, “Advances and Novel Approaches in Discrete Optimization”, in the journal *Mathematics*. We are looking for new and innovative approaches for exactly or approximately solving discrete optimization problems. High-quality papers are solicited to address both theoretical and practical issues in discrete optimization. Submissions are welcome presenting new theoretical results, structural investigations, new models and algorithmic approaches, as well as new applications of discrete optimization problems. Potential topics include, but are not limited to, integer programming, combinatorial optimization, graphs and networks, scheduling, logistics, and transportation.

Prof. Dr. Frank Werner

## Message from the Editor-in-Chief

The journal *Mathematics* publishes high-quality, refereed papers that treat both pure and applied mathematics. The journal highlights articles devoted to the mathematical treatment of questions arising in physics, chemistry, biology, statistics, finance, computer science, engineering and sociology, particularly those that stress analytical/algebraic aspects and novel problems and their solutions. One of the missions of the journal is to serve mathematicians and scientists through the prompt publication of significant advances in any branch of science and technology, and to provide a forum for the discussion of new scientific developments.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), RePEc, and other databases.

**Journal Rank:** JCR - Q1 (Mathematics) / CiteScore - Q1 (General Mathematics)
